**TIME: 08:00 – 09:00**

**TITLE OF BREAKFAST SEMINAR: IMAGING IN MULTIPLE SCLEROSIS**

**CREDIT: 1 CREDIT**

**1- BREAKFAST SEMINAR RECOMMENDED FOR: NEUROLOGY RESIDENTS AND SPECIALISTS, ACADEMICS**

**2- OBJECTIVE OF THE BREAKFAST SEMINAR:**

MR imaging plays an important role in the diagnosis, differential diagnosis of Multiple Sclerosis and monitoring the efficacy of its treatment. In this seminar, the features of MRI as regards the diagnosis and differential diagnosis of MS will be discussed with cases. Typical and atypical characteristics of MRI for the diagnosis of MS and other demyelinating diseases as well as its role to follow up cases as well as pitfalls leading to misdiagnosis will be discussed.

**3-WHAT WILL BE THE LEARNING OUTCOMES THAT THE PARTICIPANTS WILL ACQUIRE AT THE END OF THE BREAKFAST SEMINAR?**

Participants will get informed about the important aspects of magnetic resonance imaging for the diagnosis and differential diagnosis of multiple sclerosis. They will acquire the knowledge and skills regarding the approach to diagnosis and differential diagnosis in the light of cases.

**4-PARTICIPANTS ARE EXPECTED TO: LISTEN, SHARE THEIR EXPERIENCES, GET ACTIVELY INVOLVED IN DISCUSSIONS**

**5- PROGRAM OF THE BREAKFAST SESSION**

**Moderator:**

Rana Karabudak (Hacettepe University Faculty of Medicine, Neurology Dpt.)

**Speakers and Topics:**

- Case Presentations and Discussion

Rana Karabudak (Hacettepe University Faculty of Medicine, Neurology Dpt.)

Mehmet Yörübulut (Ankara Acibadem Hospital, Radiology Clinic, Neuroradiology Department)
